For Immediate Release

Birdair Ranked on ENR's Top 600 Specialty Contractors List

Company Named a Top Roofing Contractor

Birdair, Inc. has once again been named to Engineering News-Record's (ENR) annual Top 600 Specialty Contractors list and has been ranked 9th among roofing contractors. Birdair is the only specialty contractor of tensile structures to receive both of these honors.

"At Birdair, we are proud of this year's listing and our track record of regular appearances on the ENR Top 600 as well as the Top 20 Roofing Contractors over the past decade," says David Capezzuto, Director of Business Development, Birdair. "This demonstrates our commitment to the tensile architecture industry and using the latest technologies available, we will continue to develop signature tensile membrane structures."

The company was ranked 327th on the nationwide list of specialty contractors, which includes firms that specialize in areas such as electrical, mechanical, masonry, concrete, utility, painting, demolition and more.

Go Cash Advance

ENR reports on all aspects of the non-residential construction industry and provides business and technical news for industry professionals. The annual list of the Top 600 Specialty Contractors is based on construction revenue in the preceding year from specialty contracting in a prime or subcontracting capacity. This year's list was published in the October 15th issue and can be viewed online at www.enr.com.

As a full-service specialty contractor, Birdair offers complete design build assistance and solutions throughout the design-build process and has completed more than 1,300 tensile architecture installations worldwide. Learn more at www.birdair.com.

About Birdair

Birdair, Inc. is the leading specialty contractor of custom tensile structures throughout the world. In addition to pre-construction services such as design assistance, budgeting, construction methodologies and project scheduling, Birdair provides design-build solutions in all aspects of project design, fabrication, installation and maintenance. The company offers a selection of architectural fabric membranes, including PTFE fiberglass, ETFE film, PVC and

Tensotherm™, an insulated tensioned membrane system. Birdair, based in Buffalo, NY, is a member of the Taiyo Kogyo Group, with operations serving North and South America and other international locations. For more information about Birdair, [like us on Facebook](#), call 1-800-622-2246 or visit www.birdair.com.
